

JATIN VERMA

Assistant Manager

PROFILE SUMMARY

I have been working on iOS application development for more than a year for U.S. based startup. Till now I have done 4 professional project out of which 3 apps is already available on appStore. I love to code & make cool applications. I have used many useful third party APIs like Stripe (for online payment), OneSignal (for powerful push notifications), pubNub (for messaging) & many more. Moreover have knowledge of mvc pattern, custom designs etc. I have been working on iOS application development for more than a year (1.5 years) for U.S. based startup. My interest is in IOS Development. I'm definitely looking for a position where I can grow professional development is something that's really important to me since I hope to take on managerial responsibilities in the future.
